#### **21. Proposal for Admission on to the Design Tripos for entry in 2024**

The Senior Tutor presented a paper proposing that the College admit a small number of students to the new Design Tripos for entry in 2024.

The Admissions Tutor and other Fellows spoke in support of the paper, though it was noted that the cohort was small and that care should be taken to avoid the students feeling isolated. It was accepted that this was a legitimate concern, though risks were mitigated by shared teaching activity with Architecture. The President of KCSU also spoke in favour.

Congregation agreed:

i) To offer admission to the Design Tripos for up to 2 students during the admission round in MT 2023 and reduce the maximum number of offers to Architecture to 3.

ii) To request the Senior Tutor to look to recruit an additional UTO Fellow to support the subject, and its aligned subjects within a time frame that is commensurate with teaching requirements.

iii) To increase the overall target size of the first year from 135 to 136.

iv) To review the scheme after two years.

#### ***Routine Papers (for report only)***

*None.*

#### **22. Any Other Business**

The Provost noted that revised safety rules meant that it was now possible to hold Congregations in the SCR. Members approved the proposal to return to the SCR for the next Congregation, while maintaining the facility for joining remotely if necessary.
