KING'S COLLEGE, CAMBRIDGE

Data Protection – Student Applicants and Pre-Applicants

Because applicants for student places at King's College, and those attending pre-application events, may eventually join either King's College or another College, Cambridge University has prepared a single data protection policy to explain how data will be used and protected. These policies apply to King's College and may be found at the following websites:

The applicant data protection statement, for both undergraduates and postgraduates, is at:

https://www.information-compliance.admin.cam.ac.uk/data-protection/applicant-data .

The data protection statement for participation in pre-applicant events for graduate students is at:

https://www.graduate.study.cam.ac.uk/events/how-we-use-participant-data

For pre-applicants, Open Day and Residential attendees, your personal data including meal and accommodation requests (if made) are deleted after 2 years.

For pre-applicants using The Ambassador Platform, your data is held by them, see: https://legal.theambassadorplatform.com/. Your data is used by the College to help you decide whether to apply to King's, and it may be used in anonymised form in our other recruitment of applicants. No data collected from The Ambassador Platform will be used to inform decisions about admission.
