

Principal supervisor	Email address	Supervisor's subject area	Research project title
Zhuangnan Li	zl450@cam.ac.uk	Chemistry	Li-S battery for next-generation energy storage: the gap between lab and market
Myfanwy Hill	mfeh3@cam.ac.uk	<i>Senior Tutor</i>	Beyond the break with Eton - Access and Widening Participation at King's in the 20th Century
Ronojoy Adhikari	ra413@cam.ac.uk	Applied Maths and Theoretical Physics	Explainable artificial intelligence modelling for uncertainty quantification of photovoltaic output.
Tiffany Harte	th558@cam.ac.uk	Physics	Sculpting optical traps for ultracold atoms
Mirjana Bozic	mb383@cam.ac.uk	Psychology	Speech tracking in developmental dyslexia
Katie Campbell	kc328@cam.ac.uk	Archaeology	Understanding Central Asia's Changing Climate Over the Past Two Millennia
Andjela Sarkovic	as2572@cam.ac.uk	Mathematics	Small Set Expansion of Configuration Model with Community Structure
Andjela Sarkovic	as2572@cam.ac.uk	Mathematics	Range of random walk bridges
Bert Vaux	bv230@cam.ac.uk	Linguistics	The Armenian dialect of Salmast (Iran)
John Arnold	jha33@cam.ac.uk	History	The lives of the medieval mediterranean peasantry (Spain and Languedoc/Provence)
Alice Hutchings	ah793@cam.ac.uk	Computer Science	Automated translation of multilingual cybercrime forum data at scale
James Taylor	jvt24@cam.ac.uk	Engineering	Propulsion Systems for VTOL Electric Vehicles
Thierry Ferrus	taf25@cam.ac.uk	Physics	Spin and charge noise in a quadruple quantum dot in silicon
Gillian Griffiths	gg305@cam.ac.uk	Cell Biology	Under the microscope: killer cells in action
Gillian Griffiths	gg305@cam.ac.uk	Cell Biology	History of Science in Kings: the many stories of Nobel laureate, Sydney Brenner
Francesco Colucci	fc287@cam.ac.uk	Obstetrics and Gynaecology	Spacial biology at the maternal-fetal interface
Francesco Colucci	fc287@cam.ac.uk	Obstetrics and Gynaecology	Modelling maternal-fetal cellular interactions in 3D M
Tim Flack	tjf1000@cam.ac.uk	Engineering	Computer-aided visualisation of the Polish Cyclometer.
Tim Flack	tjf1000@cam.ac.uk	Engineering	Recreation of Zygalski sheets.
Katie Haworth	kdh32@cam.ac.uk	Archaeology	Exploring 'investment' in early medieval burials: archaeological and experimental approaches
Ellen Quigley	ecq20@cam.ac.uk	Economics	Industry influence on climate change mitigation
